

**HIGH PERFORMANCE
WITH EVEN MORE
DRIVE...**

...GETS YOU INTO ALL THE RIGHT PLACES

A unique combination of high performance with all the benefits of 4-wheel drive makes the sophisticated new Citroën BX GTi 4X4 a car you really can take anywhere.

With all four wheels gripping the ground you can drive safely even in the most demanding conditions and take sharp corners with ease. ABS anti-lock brakes plus a sophisticated 4-wheel drive system with Torsen Differential prevent the BX GTi 4X4 from skidding or spinning whatever the road surface. Special all-weather Michelin MXT-4 low profile tyres improve the grip still further.

Citroën's legendary self-levelling suspension ensures a smooth ride no matter how rough the terrain. What's more, the adjustable ride height provides extra ground clearance for when you're off-road and need to clear difficult obstacles. You can also lower the car to make light work of loading up.

The BX GTi 4X4 even features a central differential lock which improves traction and grip at low speed on snow or soft ground.

This stylish saloon is equipped with a 1.9 litre fuel-injected 125 hp engine (which naturally runs on unleaded petrol). This gives it an impressive top speed of 119 mph and allows it to sprint from 0-60 mph in just 9.7 seconds. Standard features include power steering, an electric tilt/slide sunroof, electric windows all round, green tinted glass, remote-control central locking and a six-speaker stereo system.

It can comfortably accommodate five passengers and with split-folding rear seats, the hatchback offers a generous 51.4 cubic feet of luggage capacity. If you need even more space than this, then the new BX 4X4 Estate is the car for you. This has a massive 64 cubic feet of luggage space (with rear seats folded)!

Outstanding all-round performance gives the BX GTi 4X4 its ability to turn difficult motoring conditions into an opportunity to enjoy new sensations of control and security. So whether you visit the remotest beauty spots in the country, or the most exclusive night spots in town, you can trust the BX GTi 4X4 to get you

into all the right places!

For more details on the BX GTi 4X4 or the BX 4X4 Estate (featured overleaf) please complete and post the reply-paid card attached, or phone the Citroën Information Service on Freephone 0800 262262. You will be sent a comprehensive Information Pack plus details of an exciting Citroën BX test drive offer: we're giving a free gift of a new motoring and walks guide, published by the Automobile Association and Ordnance Survey on behalf of Citroën, to anyone who test drives a Citroën BX.

THE ROAD AHEAD

THE CITROËN BX 4X4 ESTATE: A SPACIOUS LOAD-CARRIER WITH ALL THE BENEFITS OF 4-WHEEL DRIVE

Not only does this car offer a generous 64 cubic feet of luggage space (with rear seats folded), but it can maintain its equilibrium under all conditions even when fully laden! This is thanks to the combination of 4-wheel drive and Citroën's unique self-levelling suspension.

There is even an adjustable ride height facility that lets you raise the level of the car to clear difficult obstructions such as rocks or high ridges. On the 'high' setting, the BX 4X4 Estate actually allows 1.75 inches more ground clearance than a Range Rover!

If you'd like to know more about the BX 4X4 Estate or the BX GTi 4X4, please complete and post the information request card attached or dial 0800 262262. You will be sent a free Information Pack plus details of an exciting Citroën BX test drive offer. We're giving a free gift of a newly published motoring and walks

guide, compiled by the AA and Ordnance Survey, to anyone who test drives a Citroën BX.

Complete the attached reply card to receive a comprehensive BX information pack and details of our exclusive test drive offer: this beautifully presented book of motoring tours and walks will be yours with our compliments when you test drive any model in the Citroën BX range.
